Ziontario Standards of Conduct

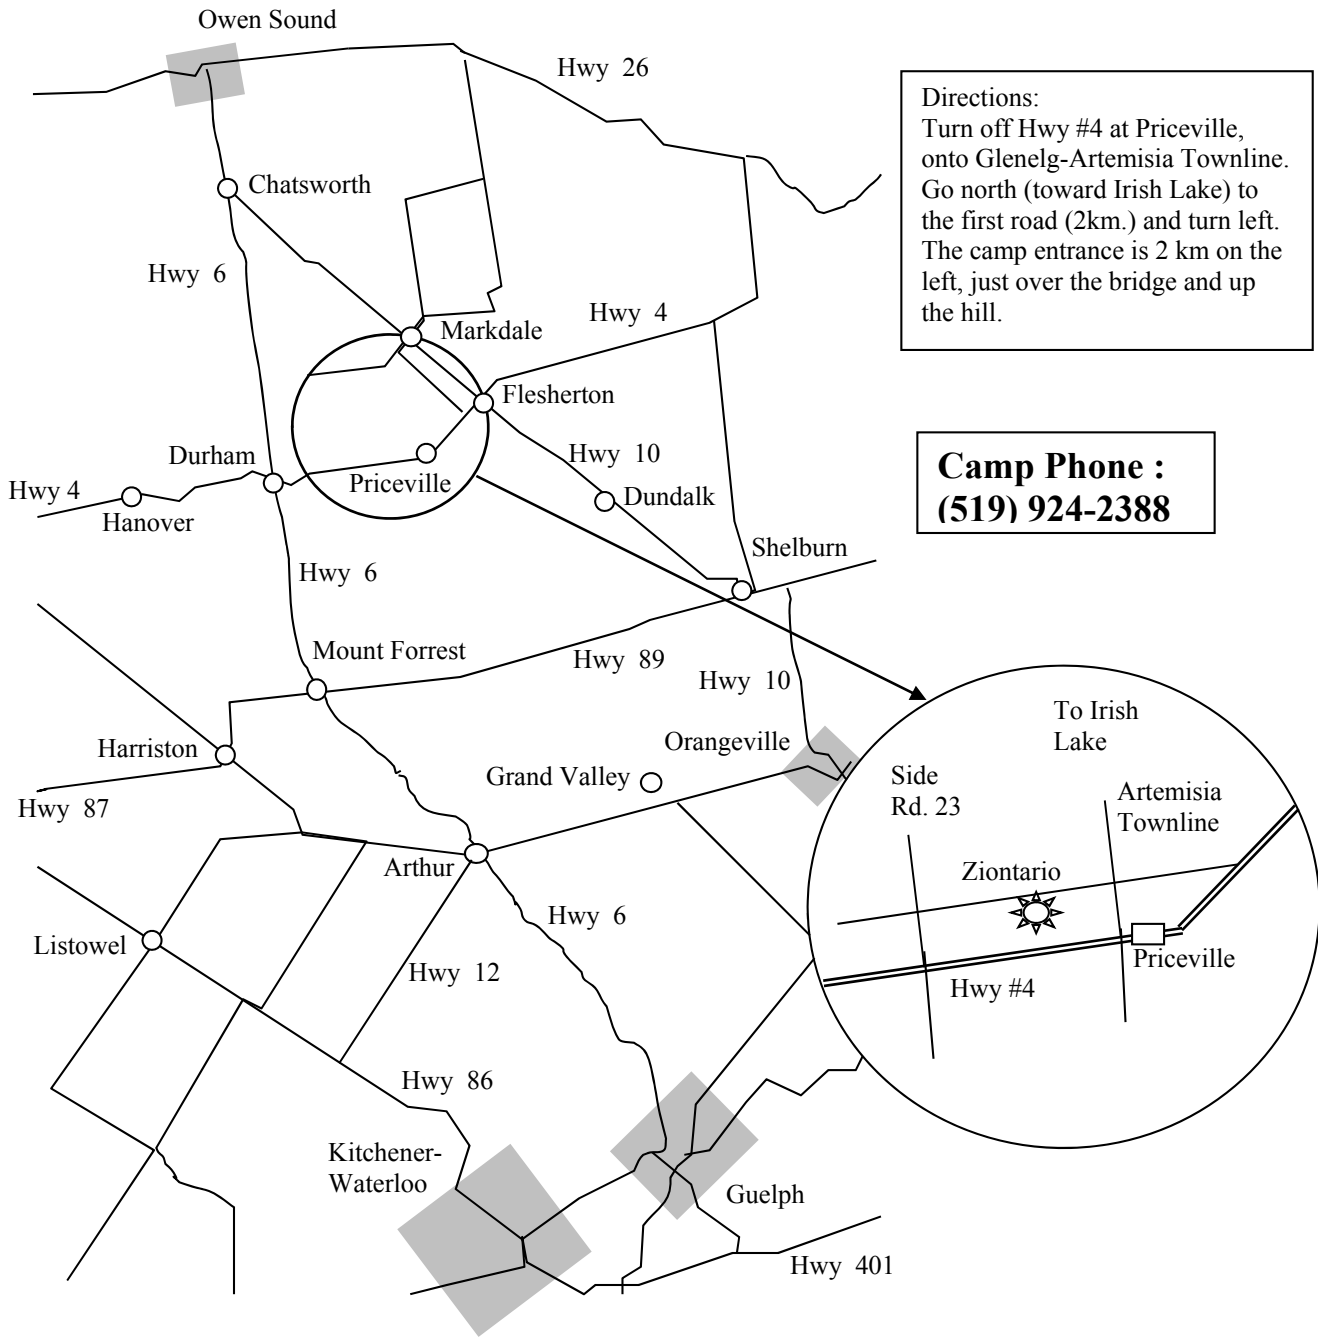

Standards of conduct that will be expected are those that are in harmony with the ethical and moral standards as upheld by the church and the rules of the campground. These standards indicate that smoking, abusive language, the use of alcoholic beverages and recreational drugs are not in the best interests of the individual or the camp as a whole.

The use of alcohol by persons under the age of 19 is prohibited by law. The use of recreational drugs is also prohibited by law. The camp director will have the discretion of reporting to the law, any person(s) found in possession of, or using, any prohibited substance. In all cases, the camper(s) will be sent home at the expense of their parent or guardian.

The use of abusive language is discouraged at all times because it distracts from any unity and harmony and degrades a wholesome lifestyle.
