

## *World Accord, Who Are We?*

Established in 1980, World Accord is a non-profit organization that promotes self-help programs and projects in developing countries around the globe.

We receive generous funding support from the World Hunger fund of the Community of Christ. Presently, our overseas development programming is focused in Latin America and Asia.

## *Where Does the Money Go?*

The money you raise at Fastathon will be put to good use. Funds raised for World Accord will support a variety of programs that really make a difference for people living in extremely poor communities.

World Accord does not believe that poverty can be combated by money alone. People facing economic hardship need to recognize that they hold many of the keys to their own self-reliance.

World Accord, through its local partners, unlocks peoples' potential – promoting initiative, leadership, skills development and self-confidence.

Awareness-building encourages people to recognize the roots of underdevelopment and work together for a sustainable future. In this manner, World Accord programs do not promote “band-aid” solutions. Instead, we support integrated plans that work towards the revitalization of entire communities.
